Fukuoka REIT Corporation (“FRC”) hereby notifies that it has received a “4 Stars” and a “Green Star” in the 2024 GRESB Real Estate Assessment, as detailed below.

1. Assessment Result

GRESB Real Estate Assessment

In the 2024 GRESB Real Estate Assessment, FRC received a “4 Stars” for four consecutive years in GRESB Rating, which is based on GRESB Overall Score and its quintile position relative to global participants. It also won a “Green Star” designation for the 7th consecutive year by achieving high performance both in “Management Component” that evaluates policies and organizational structure for ESG promotion, and “Performance Component” that assesses environmental performance and tenant engagement of properties owned.

2. About GRESB

GRESB is an annual benchmarking assessment to measure ESG (Environmental, Social and Governance) integration of real estate companies and funds, as well as the name of organization which runs the assessment. It was founded in 2009 by a group of major European pension funds who played leading roles in launching Principles for Responsible Investment (PRI). Currently, about 150 Investor Members use GRESB data for their investment decision-making and engagement with investees, and several institutions from Japan including Government Pension Investment Fund (GPIF) utilize GRESB Assessment results. In 2024, 2,223 listed or private real estate companies/funds participated in GRESB Real Estate Assessment.
