Announcement Regarding Changes to Reporting Segments

TOHO CO., LTD. (the “Company”) hereby announces that at the Board of Directors meeting held today, it was resolved to change the reporting segments from the fiscal year ending February 2026, as described below.

1. Reason for the Change

In the "TOHO VISION 2032 Group Management Strategy," our group has identified "Content and IP," "Animation," "Digital," and "Overseas" as keywords for its growth strategy, and has indicated a policy of making animation the "fourth pillar" in addition to its film, theater, and real estate businesses. Furthermore, in the "TOHO Mid-Term Plan 2028" announced today, IP and anime-related businesses are positioned as continuing growth areas, and the plan is to focus on expanding personnel and overseas bases, as well as growth investments such as M&A.

Based on the above, in order to more appropriately disclose the actual state of business activities and the progress of business results for the IP and anime-related businesses, which form the core of our group's growth strategy, we will change the reporting segments from the fiscal year ending February 2026 as follows.

2. Outline of the Change

The IP and anime-related businesses will be extracted from the "Production and Distribution Business" and "Production and Licensing Business" included in the conventional reporting segment "Film Business," and a new reporting segment "IP and Anime Business" will be established independently.

In addition, the previous "Production and Licensing Business" will be changed to "Other Film Businesses."

3. Timing of the Change

The new reporting segments will be reported from the first quarter financial results for the fiscal year ending February 2026.
